

Questionnaire

Introduction to a firm manager

[Interviewer shows ID card to the respondent]

Namaste, my name is _____. I work with MORSEL, an organization based in Lucknow that conducts surveys in India. We are asking your firm to participate in a short survey. This survey is a study from Johns Hopkins University. It will take around 30-45 minutes. Would you like to participate?

1. Survey taken? 1 Yes 0 No

1.1. **IF NO:** why? _____

A. Metadata

2. Enterprise ID _____
3. ID and name of interviewer ID _____ NAME _____
4. ID and name of supervisor ID _____ NAME _____
5. Date of interview _____
6. Interview start time _____ Interview end time _____

Geographic information

7. District _____
8. Block _____
9. Village/town name _____
10. Village/town census ID _____
11. Habitation/ward name _____
12. Full address _____
13. Mobile contact number _____
14. GPS latitude _____
15. GPS longitude _____

B. Respondent Characteristics

16. What is your position in this firm?

- 1 Owner 2 Senior manager 3 Employee
4 Other. SPECIFY _____

17. How much time do you work for your firm? ____ [HOURS] per day week month

18. Age of respondent _____

19. Gender 1 Male 0 Female

20. Native language _____

21. Read and write in native language? 1 Yes 0 No

22. Does the respondent speak Hindi? 1 Yes 0 No

23. Does the respondent read/write Hindi? 1 Yes 0 No

24. Level of education of respondent

- 1 No formal schooling
2 Up to 5th standard
3 Up to 10th standard
4 12th standard or diploma
5 Graduate or above

25. Religion

- 1 Hindu
2 Muslim
3 Christian
4 Other. SPECIFY _____

26. Government caste

- 1 Scheduled Caste
2 Scheduled Tribe
3 General
4 Other Backward Class
5 Other. SPECIFY _____

27. How many adults (18+) live in your household? _____

28. How many children live in your household? _____

C. Firm Characteristics

29. What services/products do you provide from your firm?

[Observe and mark. If needed, confirm from the respondent.]

- 1 Grocery shop
- 2 Fruit/juice shop
- 3 Sweet shop
- 4 Readymade shop for clothes/bags/etc.
- 5 Hardware/electronics shop
- 6 Agricultural inputs (such as fertilizer)
- 7 Medical store
- 8 Mobile repair shop
- 9 Cyber café (photocopier/ printer/ scanner)
- 10 Photo-studio
- 11 Tailoring shop
- 12 Beauty parlor
- 13 Carpentry shop
- 14 Cycle, handcart repair center
- 15 Car/bike service center
- 16 Private clinic/nursing home/veterinary
- 17 Flour or oil extraction mill
- 18 Godowns/warehouse
- 19 Cold storage
- 20 Dairy/milk Chilling Center
- 21 Others. SPECIFY: _____

30. How many years ago was your firm created? _____ [YEARS AGO]

31. Excluding you, how many employees (full-time and part-time, including family members) does this firm have? _____ [EMPLOYEES]

IF MORE THAN ZERO:

31.1. How many of these people work full-time at your firm? _____ [EMPLOYEES]

31.2. How many of these people work part-time and salaried at your firm? _____
[EMPLOYEES]

31.3. How many of these people are daily or short-term workers at your firm?
_____ [EMPLOYEES]

31.4. What is the average monthly salary of those who are salaried and work full time?
_____ [RUPEES]

31.5. What is the average daily salary of those who are not salaried? _____
[RUPEES/DAY]

31.6. How many hours do full-time employees work? _____ [HOURS] per day
week month

31.7. How many women are employed by this firm? _____ [NUMBER]

32. On a typical day, at what time does this firm open? _____ [TIME]

33. On a typical day, at what time does this firm close? _____ [TIME]

34. How much debt does your firm have right now? _____ [RUPEES]

IF MORE THAN ZERO:

34.1. What is the interest rate on this debt?

_____ [INTEREST RATE %] 1 Daily 2 Weekly 3 Monthly 4 Yearly

TO ALL FIRMS

34.2. If you had to borrow money to invest in your firm, what would the interest rate be?

_____ [INTEREST RATE %] 1 Daily 2 Weekly 3 Monthly 4 Yearly

35. Think of all appliances or other items (furniture, machines, motorcycle, etc.) owned by your firm. How many rupees are these worth? _____ [RUPEES]

36. In a typical month, how much does your firm spend to buy inputs (such as raw materials or products it later sells)? _____ [RUPEES/MONTH]

37. How much does your firm spend in a typical month on repairing the items it uses (machines, appliances, etc.)? _____ [RUPEES/MONTH]

38. In a typical month, what are this firm's total sales (turnover) for all products and services? _____ [RUPEES/MONTHS]

39. In your view, how much profit (turnover minus all the spending the firm has to do) does your firm make in a typical month? _____ [RUPEES/MONTHS]

40. How many firms compete with you for your customers? _____ [NUMBER]

41. Would you say that competition with other firms for your customers is:

1 Very weak 2 Weak 3 Neutral 4 Strong 5 Very strong

D. Firm Energy Access

42. What is your firm's primary source of lighting?

- 1 Grid electricity
- 2 Solar standalone system
- 3 Solar or diesel microgrid/minigrid
- 4 Diesel generator
- 5 Solar lantern
- 6 Kerosene lamp
- 7 Other. SPECIFY: _____

43. What sources of electricity does your firm use? [**Check all that apply**]

- 1 Grid electricity
- 2 Solar standalone system
- 3 Solar or diesel microgrid/minigrid
- 4 Diesel generator
- 5 No electricity
- 6 Other. SPECIFY: _____

IF MORE THAN ONE SOURCE:

43.1. What is the electricity source your firm uses the most?

- 1 Grid electricity
- 2 Solar standalone system
- 3 Solar or diesel microgrid/minigrid
- 4 Diesel generator
- 5 No electricity
- 6 Other. SPECIFY: _____

43.2. During a typical week, how much of the electricity used by your firm comes from the grid compared to generators/solar power/microgrids? 100% means that all your electricity comes from the grid; 0% means that you only use alternatives (generators/solar power/microgrids). _____ [0-100%]

Grid electricity

44. Do you use grid electricity for your business? 1 Yes 0 No

IF NO

44.1. Why doesn't your firm use the grid? [**SELECT ALL THAT APPLY**]

- 1 Cannot afford it (or do not earn enough)
- 2 Don't need electricity

- 3 Could not get a connection
- 4 Grid electricity is not good/reliable
- 5 Voltage fluctuation
- 6 Power supply is inadequate
- 7 Don't know how to get the connection
- 8 The grid is too far
- 9 Other. SPECIFY: _____

IF YES

44.2. How many hours is grid electricity usually available per day?

_____ [0-24 HOURS]

44.3. How many hours on a typical day do you use grid electricity for your firm?

_____ [0-24 HOURS]

44.4. How many days in the last month has there been no grid power throughout the day for your firm? _____ [0-30 DAYS]

IF MORE THAN ZERO DAYS:

44.4.1. How much revenue do you think you lose per month because grid electricity was not available? _____ [RUPEES/MONTH]

44.4.2. If there were outages, what is the average duration of a typical electrical outage _____ [HOURS]

44.5. How many days in a month have you experienced that electric equipment suffered because of voltage fluctuation from the grid? _____ [0-30 DAYS]

44.6. How many days in a month have you experienced that voltage of electricity from the grid was too low to run appliances? _____ [0-30 DAYS]

44.7. Does your firm make less money when electricity from the grid is cut and unavailable?

1 Yes 0 No

44.8. When the grid goes down, do you produce the same amount of goods and services or less than when the grid is working? 0 Same amount 1 Less

44.9. What does your firm do when the grid is not working?

0 Shuts down production/closes the shop

1 Uses a backup generator

2 Uses a microgrid/minigrid

3 Use a standalone solar device

4 Continue working without electricity

5 Other. SPECIFY _____

44.10. How many years ago was your firm connected to the grid? _____ [YEARS AGO]

44.11. What was the connection fee? _____ [RUPEES]

44.12. Does your firm have a meter? 1 Yes 0 No

44.13. What is your firm's typical total grid electricity spending per month?
_____ [RUPEES/MONTH]

44.14. Do you think your firm's electricity bill is generally accurate?
1 Yes 0 No NB No bill

IF 1 OR 0: ASK TO SEE THE ELECTRICITY BILL AND TAKE A PICTURE

44.14.1. Month/Year of the bill: _____/_____ [MM/YY]

44.14.2. Number of billing days: _____ [DAYS]

44.14.3. Billed amount: _____ [RUPEES]

44.14.4. Number of units of consumption: _____ [UNITS in kWh]

44.15. Did your firm ever have to pay a bribe to keep or obtain its grid connection?
1 Yes 0 No

44.16. Do any of your competitors use an unmetered grid connection?
1 Yes 0 No

44.17. Do any of your competitors steal their grid connection?
1 Yes 0 No

What kind of services do you use grid electricity for?

44.18. Lighting? 1 Yes 0 No

44.19. Phone / Small Radio? 1 Yes 0 No

44.20. Space Cooling? 1 Yes 0 No

44.21. Computer / IT / Music System? 1 Yes 0 No

44.22. Refrigeration / Cold Storage 1 Yes 0 No

44.23. Mechanical Work (electric motors, etc.) 1 Yes 0 No

44.24. Thermal Work (ironing, welding, etc.). 1 Yes 0 No

Solar Standalone Systems

45. Do you use solar standalone systems for your business? 1 Yes 0 No

IF NO

45.1. Has your firm ever had a solar standalone system in the past? 1 Yes 0 No

IF YES

Why did your firm stop using it?

45.1.1. It was too expensive 1 Yes 0 No

45.1.2. It was too unreliable 1 Yes 0 No

45.1.3. Alternatives like the grid were or became better 1 Yes 0 No

45.2. Why doesn't your firm use solar standalone systems?

1 Cannot afford it (or do not earn enough)

2 Don't need electricity

3 Unable to find a shop selling solar standalone systems

- 4 Power supply from solar standalone systems is inadequate
- 5 Already have adequate power supply from another source
- 6 Other. SPECIFY: _____

IF YES

- 45.3. Why does your firm use a solar standalone system? **[CHECK ALL THAT APPLY]**
- 1 It is cheaper than the other sources
 - 2 It is more reliable (longer duration or fewer blackouts) than other sources
 - 3 It is more stable (less voltage fluctuation) than other sources
 - 4 It is quicker to repair when it breaks down
 - 5 My firm needs a backup when the primary electricity source doesn't work
 - 6 Other. SPECIFY: _____
- 45.4. How many hours on a typical day do you use electricity from the solar standalone system for your firm? _____ [0-24 HOURS]
- 45.5. What is the total capacity of the standalone solar system PV panel(s)? _____ [WATTS]
- 45.6. What is the total capacity of the standalone solar system batteries? _____ [Total Ampere-Hours]
- 45.7. How many days in the last month has there been no power from the solar standalone system throughout the day for your firm? _____ [0-30 DAYS]
- 45.8. Do you own or rent your solar standalone system? 1 Own 2 Rent

IF 1 Own

45.8.1. How much did you pay to buy your solar standalone system? _____ [RUPEES]

IF 2 Rent

45.8.2. How much do you pay per month for the rent? _____ [RUPEES/MONTH]

What kind of services do you use the solar standalone system for?

- | | | | |
|--------|---|-------|------|
| 45.9. | Lighting? | 1 Yes | 0 No |
| 45.10. | Phone / Small Radio? | 1 Yes | 0 No |
| 45.11. | Space Cooling? | 1 Yes | 0 No |
| 45.12. | Computer / IT / Music System? | 1 Yes | 0 No |
| 45.13. | Refrigeration / Cold Storage | 1 Yes | 0 No |
| 45.14. | Mechanical Work (electric motors, etc.) | 1 Yes | 0 No |
| 45.15. | Thermal Work (ironing, welding, etc.). | 1 Yes | 0 No |

45.16. Is the solar standalone system of sufficient capacity for your firm's needs? 1 Yes
0 No

IF NO

44.6.1 What size standalone solar system would you prefer, in terms of PV panel capacity? _____ [Total Watts]

Microgrids/minigrid [ENUMERATOR: ALL QUESTIONS BELOW ARE TO BE ASKED WHETHER IT IS A MINIGRID OR A MICROGRID. WE ONLY WRITE 'MICROGRID' FOR CONVENIENCE.]

46. Do you use microgrids for your business? 1 Yes 0 No

IF NO

46.1. Has your firm ever had a microgrid in the past? 1 Yes 0 No

IF YES

Why did your firm stop using it?

46.1.1. It was too expensive 1 Yes 0 No

46.1.2. It was too unreliable 1 Yes 0 No

46.1.3. Alternatives like the grid were or became better 1 Yes 0 No

46.2. Why doesn't your firm use a microgrid?

1. Cannot afford (or do not earn enough)

2. Do not need electricity

3. There is no micro/minigrid nearby

4. Power supply from the micro/minigrid is inadequate

5. Already have adequate power supply from another source

6. Don't know how to get the connection to the micro/minigrid

7. The micro/minigrid is expensive

8. The micro/minigrid service is not good/reliable

9. Other. SPECIFY: _____

IF YES

46.3. Why does your firm use a microgrid? **[CHECK ALL THAT APPLY]**

1 It is cheaper than the other sources

2 It is more reliable (longer duration or fewer blackouts) than other sources

3 It is more stable (less voltage fluctuation) than other sources

4 It is quicker to repair when it breaks down

5 My firm needs a backup when the primary electricity source doesn't work

6 Other. SPECIFY: _____

46.4. What kind of microgrid is it?

1 Solar

2 Diesel

3 Solar/Diesel Hybrid

4 Other. SPECIFY: _____

46.5. What was the initial cost of getting the microgrid connection? _____ [RUPEES]

- 46.6. Do you have a meter installed for the microgrid connection?
1 Yes 0 No
- 46.7. Do you get fixed or variable bill? 1 Fixed 0 Variable
- 46.8. Do you have your mini-grid electricity bill? 1 Yes 0 No

IF THE BILL IS AVAILABLE AND VARIABLE: request the respondent to see the latest mini-grid electricity bill. If the bill is available, note down the units of electricity consumed, the bill amount and other details below]

- 46.8.1. Month/Year of the bill: ____ MM/201Y
- 46.8.2. Number of billing days: _____[DAYS]
- 46.8.3. Billed amount: _____[RUPEES]
- 46.8.4. Number of units of consumption: _____ [UNITS in kWh]
- 46.9. What is your average monthly expense on microgrid electricity?
_____ [RUPEES/MONTH]
- 46.10. How many hours is electricity from the microgrid usually available per day?
_____ [0-24 HOURS]
- 46.11. How many hours per days do you typically use electricity from the microgrid for your firm? ____ [HOURS/DAY]
- 46.12. How many days in the last month has there been no microgrid power throughout the day for your firm? _____ [0-30 DAYS]

IF MORE THAN ZERO:

- 46.12.1. How much revenue do you think you lose per month because microgrid electricity was not available? _____[RUPEES/MONTH]
- 46.13. How many days in a month have you experienced that electric equipment suffered because of voltage fluctuation from the microgrid? _____ [0-30 DAYS]
- 46.14. How many days in a month have you experienced that voltage from the microgrid was too low to run appliances? _____ [0-30 DAYS]

What kind of services does your firm use microgrid electricity for?

- 46.15. Lighting? 1 Yes 0 No
- 46.16. Phone / Small Radio? 1 Yes 0 No
- 46.17. Space Cooling? 1 Yes 0 No
- 46.18. Computer / IT / Music System? 1 Yes 0 No
- 46.19. Refrigeration / Cold Storage 1 Yes 0 No
- 46.20. Mechanical Work (electric motors, etc.) 1 Yes 0 No
- 46.21. Thermal Work (ironing, welding, etc.). 1 Yes 0 No
- 46.22. Are you able to draw sufficient power from the micro/minigrid for your firm's needs? 1 Yes 0 No

Diesel generators

47. Do you use a diesel generator for your business? 1 Yes 0 No

IF NO

47.1. Has your firm ever had a diesel generator in the past? 1 Yes 0 No

IF YES

Why did your firm stop using it?

47.1.1. It was too expensive 1 Yes 0 No

47.1.2. It was too unreliable 1 Yes 0 No

47.1.3. Alternatives like the grid were or became better 1 Yes 0 No

Why doesn't your firm use a diesel generator?

47.2. We cannot afford it (or do not earn enough) 1 Yes 0 No

47.3. We don't need electricity 1 Yes 0 No

47.4. We are unable to find a shop selling diesel generators 1 Yes 0 No

47.5. Power supply from diesel generators is inadequate/insufficient 1 Yes 0 No

47.6. Already have adequate power supply from another source 1 Yes 0 No

47.7. Other. SPECIFY: _____

IF YES

47.8. Why does your firm use a generator? **[CHECK ALL THAT APPLY]**

1 It is cheaper than the other sources

2 It is more reliable (longer duration or fewer blackouts) than other sources

3 It is more stable (less voltage fluctuation) than other sources

4 It is quicker to repair when it breaks down

5 My firm needs a backup when the primary electricity source doesn't work

6 Other. SPECIFY: _____

47.9. How many generators do you use? _____ [GENERATORS]

47.10. What is the average capacity of your generator(s)? _____ [kVA]

47.11. How many hours per day do you typically use a generator for your firm? _____
[HOURS/DAY]

47.12. Do you own or rent your diesel generator? 1 Own 2 Rent

IF 1 Own

47.12.1. How much did you pay to buy a generator? _____ [RUPEES]

IF 2 Rent

47.12.2. How much do you pay for rent per month? _____ [RUPEES/MONTH]

47.13. How much diesel does your firm buy per month? _____ [LITRE/MONTH]

47.14. At what price does your firm purchase diesel? _____ [RUPEES/LITRE]

47.15. How much does your firm spend on repair/maintenance of the diesel generator?
_____ [RUPEES/MONTH]

What kind of services do you use your diesel generator for?

- | | | | |
|--------|---|-------|------|
| 47.16. | Lighting? | 1 Yes | 0 No |
| 47.17. | Phone / Small Radio? | 1 Yes | 0 No |
| 47.18. | Space Cooling? | 1 Yes | 0 No |
| 47.19. | Computer / IT / Music System? | 1 Yes | 0 No |
| 47.20. | Refrigeration / Cold Storage | 1 Yes | 0 No |
| 47.21. | Mechanical Work (electric motors, etc.) | 1 Yes | 0 No |
| 47.22. | Thermal Work (ironing, welding, etc.). | 1 Yes | 0 No |

47.23. Is the diesel generator of sufficient capacity for your firm's needs? 1 Yes 0 No

IF NO

44.6.1 What size diesel generator would you prefer? _____ [kVA]

Solar lanterns

48. Does your firm use solar lanterns? 1 Yes 0 No

IF NO:

48.1. Has your firm ever had solar lanterns in the past? 1 Yes 0 No

IF YES

Why did your firm stop using it?

- | | | |
|--|-------|------|
| 48.1.1. It was too expensive | 1 Yes | 0 No |
| 48.1.2. It was too unreliable | 1 Yes | 0 No |
| 48.1.3. Alternatives like the grid were or became better | 1 Yes | 0 No |

IF YES:

48.2. Why does your firm use solar lanterns? **[CHECK ALL THAT APPLY]**

- 1 It is cheaper than the other sources
- 2 It is more reliable (longer duration or fewer blackouts) than other sources
- 3 It is more stable (less voltage fluctuation) than other sources
- 4 It is quicker to repair when it breaks down
- 5 My firm needs a backup when the primary electricity source doesn't work
- 6 Other. SPECIFY: _____

48.3. How many solar lanterns does your firm use? _____ [SOLAR LANTERNS]

48.4. Do you own or rent these solar lanterns? 1 Own 0 Rent

IF OWN:

48.4.1. How much did you pay per solar lantern? _____ [RUPEES/SOLAR LANTERN]

- 1 Yes 0 No
- 49.8. Buy more electric appliances? 1 Yes 0 No
- 49.9. Borrow more money to invest in your firm? 1 Yes 0 No

Assuming that electricity became more reliable (fewer blackouts), would your firm...?

- 49.10. Hire more employees? 1 Yes 0 No
- 49.11. Buy more machines and other items needed to make your product?

- 1 Yes 0 No
- 49.12. Buy more electric appliances? 1 Yes 0 No
- 49.13. Borrow more money to invest in your firm? 1 Yes 0 No

All firms

50. Generally, how satisfied are you with the electricity situation in your firm?

- 1 Unsatisfied 2 Neutral 3 Satisfied

51. Generally, how satisfied are you with the lighting situation in your firm?

- 1 Unsatisfied 2 Neutral 3 Satisfied

Conjoint

[ENUMERATOR: GO OVER THE FOLLOWING CHOICES 5 TIMES. USE A BLACKBOARD TO VARY THE CHOICES.]

Next, I will present you with two scenarios, and I will ask you which one you prefer from the perspective of your firm.

Scenario A	Scenario B
Electricity is available [6, 12, 18, 24] hours per day	Electricity is available [6, 12, 18, 24] hours per day
There are [0, 1, 5, 10, 15] blackouts per month	There are [0, 1, 5, 10, 15] blackouts per month
Voltage fluctuation happens [0, 1, 5, 10, 15] days per month	Voltage fluctuation happens [0, 1, 5, 10, 15] days per month
Electricity is strong enough to power [lights and phone charging only, any appliance you need]	Electricity is strong enough to power [lights and phone charging only, any appliance you need]
Electricity is provided from [the grid, a microgrid]	Electricity is provided from [the grid, a microgrid]
Electricity costs [1, 5, 10, 15, 20, 25, 30] rupees per kWh	Electricity costs [1, 5, 10, 15, 20, 25, 30] rupees per kWh

52. Which of the two scenarios do you prefer? 0 Scenario A 1 Scenario B
53. How strongly do you feel about your choosing this scenario?
- 0 Not strongly 1 Somewhat strongly 2 Very strongly

54. Next, we want to ask you about the electric appliances that your firm are using.

List of appliances	How many of these appliances do you use? [NUMBER]	IF MORE THAN 0 APPLIANCES: What is the primary electricity source for this appliance? 1=Grid electricity 2=Solar standalone system 3=Solar or diesel microgrid/minigrid 4=Diesel generator 5=Other. SPECIFY.	IF MORE THAN 0 APPLIANCES: For how many hours does your firm power each of these appliances with the primary electricity source in a typical day? [0,24 HOURS]	IF MORE THAN 0 APPLIANCES: Does it happen frequently that your firm uses another electricity source to run this appliance? Frequently means once or more in a typical week. 1=yes 0=no	IF YES TO PREVIOUS: What is the secondary source of electricity for this appliance? 1=Grid electricity 2=Solar standalone system 3=Solar or diesel microgrid/minigrid 4=Diesel generator 5=Other. SPECIFY.	IF APPLICABLE: For how many hours does your firm power each of these appliances with the secondary electricity source in a typical day? [0,24 HOURS]
54.1. Incandescent bulbs						
54.2. CFL bulbs						
54.3. LED lights						
54.4. Tube light						
54.5. Mobile phones						
54.6. Small radios						
54.7. Table fans						
54.8. Ceiling fans						
54.9. Air cooler						
54.10. Air conditioner						
54.11. Music System						
54.12. Laptop / Computer						
54.13. Television						
54.14. Refrigerator						
54.15. Washing machine						
54.16. Electric Water Pump						

54.17.	Grinder/mixer						
54.18.	Air compressor						
54.19.	Flour / Oil Mill						
54.20.	Other Electric Motor (>1kW)						
54.21.	Electric stove						
54.22.	Electric iron						
54.23.	Soldering iron						
54.24.	Welding machine						
54.25.	Hot air gun						
54.26.	Lamination machine						
54.27.	Other Thermal Work (>1kW)						
54.28.	Inverter						
54.29.	Other. SPECIFY _____						

E. Reforms

IF FIRM USES GRID ELECTRICITY

55. Suppose that grid electricity prices increased by 10%. How would this affect your firm's profits?

- 1 Decrease a lot
- 2 Decrease
- 3 Stay the same
- 4 Increase
- 5 Increase a lot

56. If grid electricity prices increased by 10%, would your firm:

- | | | | |
|-------|--|-------|------|
| 56.1. | Increase the prices of the products and services you sell? | 1 Yes | 0 No |
| 56.2. | Decrease production of the goods and services you sell? | 1 Yes | 0 No |
| 56.3. | Reduce the number of full-time employees? | 1 Yes | 0 No |

IF YES:

56.3.1. How many full-time employees would be left? _____ [FULL-TIME EMPLOYEES]

- | | | | |
|-------|---|-------|------|
| 56.4. | Reduce the number of part-time employees? | 1 Yes | 0 No |
|-------|---|-------|------|

IF YES:

56.4.1. How many part-time employees would be left? _____ [PART-TIME EMPLOYEES]

- | | | | |
|-------|---|-------|------|
| 56.5. | Invest in a diesel generator? | 1 Yes | 0 No |
| 56.6. | Invest in a solar standalone system or solar rooftop? | 1 Yes | 0 No |

57. Suppose that grid electricity prices doubled. How would this affect your firm's profits?

- 1 Decrease a lot
- 2 Decrease
- 3 Stay the same
- 4 Increase
- 5 Increase a lot

58. If grid electricity prices doubled, would your firm:

- | | | | |
|-------|--|-------|------|
| 58.1. | Increase the prices of the products and services you sell? | 1 Yes | 0 No |
| 58.2. | Decrease production of the goods and services you sell? | 1 Yes | 0 No |
| 58.3. | Reduce the number of full-time employees? | 1 Yes | 0 No |

IF YES:

58.3.1. How many full-time employees would be left? _____ [FULL-TIME EMPLOYEES]

- | | | | |
|-------|---|-------|------|
| 58.4. | Reduce the number of part-time employees? | 1 Yes | 0 No |
|-------|---|-------|------|

IF YES:
